

A comfy stay for your canine

CUBALLA Kennels provides peace of mind and the most comfortable experience possible for your dog.

The newly converted Lurg property is a dream come true for Benalla born-and-raised Karen Walker.

Ms Walker had been searching for a kennel around Victoria for a number of years before stumbling upon the perfect property not far from her childhood home.

The proud dog-lover said the Kennels have been fully converted into the ideal environment for dogs of all sizes, with an emphasis on freedom and comfort.

"I want to give people a level of confidence," she said.

"I want people to feel happy and confident leaving their dogs somewhere where I would be happy to leave my own dogs.

"Rather than doing small kennels and just cramming in as many dogs as possible I wanted each dog to have their own area to be able to do as they please."

The kennels will have heating and cooling systems installed in coming weeks to ensure dogs' comfort year round.

"The main point of difference is that they're very large," Ms Walker said.

"We've designed them so that every kennel has its own run.

"The indoor room is 4x2m and the outdoor area is 6x2m."

Dogs staying in the kennels are able to pass in and out as they please,

with a large outdoor area available if required.

"If you've got a large dog that needs to stretch their legs more then there is a large 40x15m exercise area that's used for one-on-one play," Ms Walker said.

Cuballa Kennels are located at 679 Winton-Lurg Rd, Lurg and can be contacted on 5766 4363 or 0417 362 961. Cuballa Kennels also offer a pick-up and delivery service for customers.
